Scope for holding another examination for recruitment of candidates to the Mysore Civil Service, about the end of 1937.

****

If an examination is held about the end of this year and a fresh batch of Probationary Assistant Commissioners are entertained in the beginning of 1938, they are likely to become eligible for confirmation in the beginning of 1940 by which time permanent vacancies will have to be available to allow of their confirmation. The following particulars regarding prospective vacancies in the cadre are noted for information in this connection: The present permanent sanctioned strength of the Civil Service cadre (including Senior Assistant Commissioners) is 67 and, excluding one post against which a non-Civil Service Officer in the Excise Department is counted, the effective strength may be taken to be 66. According to the Civil List corrected up to 1st January 1937, there are 64 permanent officers against these, leaving two vacancies unfilled. One more vacancy has since become available from 18th February 1937 in the chain of arrangements consequent on the return of Mr. D. Srinivasa Iyengar and confirmation of Kesava Iyengar as Chief Secretary) and another from 29th March 1937 consequent on the reno-

Mr. K. Basavaraj Urs: So, as matters now stand, four permanent vacancies are available in the cadre.

2) The further vacancies that may be hereafter expected to become available by about the end of December 1939 are indicated below:-

Deputy Commissioners.	1. Mr. H.V. Ramasvami.	13-10-1939

N.B. It is also possible that a few more vacancies may be released by any retirement of officers holding special posts.

3) It is seen from the above that, including 4 vacancies now available, 13 permanent vacancies are expected to become available in the ordinary course by the end of December 1938, and of these 4 will have to be reserved for confirming the Probationary Assistant Commissioners

recently appointed. In the remaining 9 vacancies some of the officers now acting as Assistant Commissioners have to be confirmed. There are at present 20 officers (15 non-Brahmins and 5 Brahmins) in the acting list, and of these, 12 belong to the class [redacted] originally recruited as Revenue Probationers. Two more vacancies are expected to occur during the year 1939.

4) In the circumstances, it is for consideration whether there is scope for holding another Competitive Examination about the end of this year and recruit another batch of Probationary Assistant Commissioners in the beginning of 1938; or whether this may be taken up some time later.

5) In view of the fact that it is desirable to give special encouragement to officers recruited as Rev Probationers, it would be necessary to consider their claims before another batch of Prob^rs are Commissioners is selected. It has to be noted that candidates nominated by the Civil Service direct are more or less of the same calibre of as those recruited as Rev Probationers. In the case of non-Brahmin candidates of an Exceptional or for Brahmin brilliant type it will always be open to Govt to nominate them direct whether there is a Civil Service Examination or not. 11. A Competitive Examination for recruitment of candidates to the Mysore Civil Service was held in the later part of the year 1936 on the results of which two candidates were appointed as Probationary Assistant Commissioners in January 1937. Two other candidates were nominated to the Civil Service at the same time, and all these four Probationary Assistant Commissioners are in the usual course expected to become eligible for confirmation in January 1939.

12. The question as to when the next Examination may be held for recruiting a fresh batch of candidates was considered in Council at a meeting held on the 10th April 1937. After an examination of the approximate number of vacancies that are likely to occur in the cadre of Assistant Commissioners in the course of the next two or three years, the number of vacancies out of these that will have to be reserved for confirming the existing Probationers as well as some of the officers (promoted from Amildari service) who are acting as Assistant Commissioners, and the scope for direct recruitment of another set of Probationers in the near future, the Council came to the conclusion that the next competitive examination may be held in November 1938.

13. The above proposal is submitted for gracious approval.

Dear Mr. Subba Rao

I am desired to state that Government propose to hold the next Mysore Civil Service Examination under the scheme sanctioned in Govt. Notfn. No.1706/C.B.112-35-1 dated 31st January 1936, in the latter part of the current calendar year, the examination in the second part coming off in the month of November.

The draft of a Govt. Order which is proposed to be issued constituting, as usual, a Committee for conducting the examination is enclosed herewith for your perusal and favour of suggestions regarding the personnel of the committee and other matters referred to therein.

A copy of the Report on the last Mysore Civil Service Examination held in November and December 1936, is enclosed for reference.

I am to request the favour of an early reply.

Dear Mr. Kesavaiengar,

Ref Your letter No. 1917/C.B. 121-37-2 of the 11th instant about holding the next Mysore Civil Service Examination.

I am writing to say that the draft seems to be all-right and may be issued so far as the clauses 2 to 5 are concerned.

As regards the personnel, so long as Dr. Metcalfe was there (and he was a member of M.C.S. Committees in one capacity or other for the last 25 years), there was no difficulty about the scrutiny of the question papers in Physics and Chemistry and allied sciences. It is true we have Sir Martin Forster, but he is very much of a specialist. It is usual to appoint some one from across the Border and in the past men like Mr. Ramunni Menon, Mr. Rathnaswamy and Mr. Ranganathan were appointed. This time it is necessary to appoint some one who will help us on the scientific side. Neither Mr. Ramunni Menon nor Mr. Rathnaswamy is a scientist, and the same remark applies to the Principals of the first grade colleges in Madras. In the circumstances, I think Professor Venkatesachar who is now the Director of the Indian Institute of Science may be appointed as the sixth member of the Committee. There happens to be no Professor of a scientific subject either in Madras, Andhra or Annamalai University, who is sufficiently senior to be nominated a member of the Committee, although we shall have to appoint one or other of them to serve as examiners. Mr. Venkatesachar will be helpful as regards question papers in Mathematics and

Physics in particular and Science papers in general.

Yours sincerely,

B.T.Kesavaiengar, Esq., B.A.,
Chief Secretary to Government.
